

JUMPSTART! TO PHARMACY:

A MEDICATIONS FOCUSED CAREER WORKSHOP FOR
HIGH SCHOOL AND EARLY COLLEGE STUDENTS

Workshop Series Information:

Workshops will be held at the Boys and Girls Clubs Ready Center
Powered by the Milwaukee Admirals and Concordia University Wisconsin
Offered annually in Fall (October), Spring (March), and Summer.
To see current dates, register via QR code below.

KEY TOPICS COVERED IN WORKSHOP SERIES INCLUDE:

- Medication-based healthcare careers, including pharmacy
- Pharmacy operations
- Medical and pharmacy lab skills
- Data entry for medical information
- Patient interactions
- Employment opportunities in pharmacy

BENEFITS:

- Improve your understanding of medicine
- Gain practical skills in medication oversight
- Identify pathways toward a career in healthcare
- Earn a certificate of completion by attending all four workshops, approximately 16 hours total
- Add a new credential to your college applications or resume--useful for employment as a pharmacy technician (18 or older) or as a Wisconsin Youth Apprentice (aged 16 or 17)
- Grow your network of professional mentors
